Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1-14 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. For claim 1, it is unclear which main tower lateral screen is being referred to in lines 11,12 and 15 since plural screen have been claimed previously. Also for claim 1, it is unclear if each hanging pipe is fastened to the same enclosure wall. For claim 2, the phrase "the coupling being through metal, wooden or plastic tongued and grooved elements or reinforced with extruded plastic profiles" is confusing. For claim 3, "the back wall" lacks antecedent basis. For claim 5, it is unclear which drawer is being referred to since plural drawers have been claimed previously. Also for claim 5, the "holes made in the shelves" is misdescriptive, since it is one of the members of drawer which has this feature. For claim 7, it is misdescriptive to state that the shelves are fastened to the wall. Rather they are fastened to the respective adjacent screen. Furthermore, for claim 7, it is improper to state that the module "can be" fastened to the wall. It either is or is not fastened thereto. For claim 9, it is unclear which shelf is being referred to since plural shelves have been claimed previously. Furthermore, for claim 9, it is improper to state that the shelf "can" include reinforcement. It either does or does not include this feature. For claim 15, it is improper to "un-claim" a limitation. It makes it unclear what is or isn't the claimed subject matter.

Allowable Subject Matter

Claim 1 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

Claims 2-14 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.

Response to Arguments

Applicant's arguments filed December 18, 2006 with respect to the art rejections of the previous Office action have been fully considered and are persuasive. Therefore, the rejections have been withdrawn. However, several 112, second paragraph issues still exist, as discussed above.
